

Workshop - 3 April 2015

World Health Day 2015 - Food Safety (7 April 2015)

The **World Health Day 2015** that is celebrated every year on April 7, is dedicated this year to Food Safety with the slogan: "*How safe is your food? From farm to plate, make food safe*". On this occasion the State General Laboratory of Cyprus organizes a workshop with the subject "*Challenges on Food Safety - Food Risk Assessment*".

The workshop is addressed to a particular audience upon invitation and will take place at the premises of the State General Laboratory (44 Kimonos Street-Acropolis-Nicosia), on **April 3, 2015** from **9.00 to 12.00 am**.

The objective of the workshop is to present basic principles and scientific tools "*food risk assessment*", giving examples of case studies and data on the exposure of the Cypriots on chemicals through food, and, information on challenging subjects for the International Community on Food Quality and Safety which are among the priorities of the European Food Safety Authority. The workshop will be addressed with presentations by officials from the State General Laboratory.
